### 2016-2017 Program Fees

Practice Group	(Discount) Paid in Full	Sibling Discount	Monthly	Sibling Discount
Novice-Red	395.00	387.00	70.00	66.50
Age Group-Green	450.00	427.50	80.00	76.00
Age Group-Silver	545.00	517.75	95.00	90.25
Age Group-Blue	645.00	612.75	110.00	104.50
Senior-High School	430.00	408.50	75.00	71.25
Senior-Gold	695.00	660.25	120.00	114.00

Program fees for all groups include USA membership and participation in CPSA dual meets but do not include family fundraising fees or meet entry fees for invitation or other USA sanctioned meets.

Payment may be paid in full or in six monthly payments. Monthly payments are due on the 15th of each month. If payment of registration fees presents a financial difficulty, coaches have the discretion to provide scholarships or work out other means to assist families. Parents are welcome to speak with a coach to discuss options. It is a program goal for ALL swimmers to be afforded the opportunity to compete on a winter swim team, enjoy their role as a valued team member, and experience a sense of achievement. *No swimmer has been denied the opportunity to join the program based on financial hardship. All inquiries will be handled confidentially.*

Families with multiple swimmers will pay the full program cost for the first swimmer at the highest program level and receive a 5% sibling discount on each additional swimmer in their family.

\*The Senior "High School" rate is for high school swimmers that practice with their high school team during the PIAA winter sports season (November-February). There is not a separate practice group for this level. This designation is for program fee purposes and is primarily offered for swimmers that have a mandatory high school practice attendance policy in effect. Athletes selecting this payment plan are still able to compete in the full range of meets offered on the CA competition calendar. If the high school program has a 100% practice attendance requirement which precludes a swimmer from attending Collegiate practices, a separate rate can be applied.
